Leadership: Strategic Thinking, Planning & Delivery, People Management, Change Management, Communication, Conflict Resolution

EMPLOYMENT

2U Inc. Trilogy Education, Full Stack Web Development - Teaching Assistant, Seattle, Washington Aug. 2019 - Current
Empowering students to find life-changing opportunities by bringing knowledge, strong communication skills, and positive energy to the classroom.

2U Inc. - Trilogy Education, Full Stack Web Development - Tutor, Seattle, Washington Jan. 2020 - Current
Providing support to students within a part-time and full-time Full Stack Web Development boot camp. Requires a self managed schedule and a high level understanding of all aspects of the M.E.R.N. stack.

PROJECTS

Dance Salt Lake June 2019 - Current
A full-stack web application for greater Salt Lake City that allows dance artists, companies, and organizations to register and maintain all their dance class, performance, and audition data in one location. As a team of two, we created a highly desired product for the dance community that we are currently pushing to launch to Utah, and eventually Nationally.

React Robot June 2019 - Current
A simple memory game that scales in difficulty the more patterns you get correct. Users can save their high score and battle for dominance over the leader boards.

Rock Paper Scissors 2019 - Current
A two player RPS game utilizing a live chat room created through a Firebase database. To test it out yourself, open the same website in an incognito window, or have a friend open the link as well.

EDUCATION

University of Utah Jan. 2019 - July 2019
Full Stack Bootcamp Certificate

University of Utah Aug. 2008 - May 2012
B.F.A. Modern Dance 2012
